After many years of peace and prosperity, the Great Realm is under threat. An evil warlock has destroyed the harmony that once existed among the different regions by sowing the seeds of destruction and terror. The icefields of Arcandida are melting. The sands of Roccadocra are covering everything. Meanwhile, selfishness and discord have crept into the hearts of the inhabitants of the different regions.

After many futile attempts to halt the decline, the royal families leave the Great Realm to build bold new cities on the water, in the bowels of the earth, and in the clouds. After years, even nostalgia fades into memory.

According to an ancient prophecy, though, one day five girls will come and awaken the Crown of Light and defeat evil. That day has finally arrived...

IN FUGA

– Ehm... Astrid, sai che ti seguirei in capo al mondo. Ma, esattamente... dove stiamo andando? – osò interromperla Theo.

– Andiamo da Argyria! Abita oltre quel canneto, in una capanna di legno. Spero proprio che abbia qualche consiglio per convincere Petra a seguirci! O per lo meno, spero che possa aiutarmi a trovare la terza erede, Sybil.

– Tu sai già il suo nome? La conosci?

– Ci siamo incontrate tanto tempo fa, quando eravamo piccole. Da quello che mi ha lasciato intendere Argyria, Sybil potrebbe essere la discendente di Samah, la Principessa del Deserto...

– Se la conosci già, perché non andiamo direttamente da lei?

– Ci avevo pensato, ma non è così semplice. Da quel che so dovrebbe vivere ancora a Rosa dei Venti, la Città Fluttuante. Ma è un posto difficile da trovare: si libra in cielo tra le nuvole!

Theo scosse la testa, sconfortato. Non sarebbe stato facile raggiungere la terza erede senza aiuto...

I due si fecero strada fra le canne, illuminando la via con una lampada a olio, finché raggiunsero la bizzarra costruzione in fondo al pontile.

IN FUGA

– È tutto buio qui – notò il ragazzo. – Che posto strano...

– E non hai ancora conosciuto Argyria – mormorò Astrid, ricordando il magico falco dalle piume d'argento che volava via dalla capanna.

Intanto Theo stava già bussando alla porta. Ma, da dentro, non giunse risposta. Il ragazzo bussò di nuovo, con più forza. Allora, come

era successo il giorno precedente, la porta di legno si aprì da sola.

– Entriamo – disse Astrid. Quindi spinse il battente e varcò la soglia.

Theo alzò la lanterna per illuminare la stanza.

– È permesso? – chiesero in coro.

Knights of the Round Table for teenage girls!**

Format: cm 14 x 20 - Hardcover w/jacket - Age: 9+

The first book in the trilogy introduces us to Arielle and Belinda, who join forces to travel to the legendary court of King Arthur to defend Camelot. When they get there, though, things don't go at all as planned, and they have to put up with a lot of extremely unchivalrous knights – not to mention some pretty objectionable townsfolk. No one believes that a couple of girls could ever be good enough to be Knights of the Round Table! No one, that is, except Queen Guinevere!

When Arthur and his men are away defending the borders of the kingdom, Guinevere entrusts the girls with a dangerous and delicate mission: the mysterious Silent Knight is striking terror into the hearts of all as he searches for the precious and ancient Golden Harp, which once belonged to the legendary wizard Merlin. Arielle and Belinda are the only ones who can stop him!

❧ **FESTA A CORTE** ❧

– Perdonate l'impudenza, maestà, ma siate sincero: ci avreste lasciato gareggiare, se lo aveste saputo? – chiese Belinda.
 Il re non replicò. Sì, Belinda era stata impudente con quella domanda, ma aveva ragione: lui avrebbe fatto rispettare le regole senza eccezioni.
 In quel frammento di silenzio teso, intervenne la regina.
 – Lady Belinda, Lady Arielle... Da quando vi siete rivelate, io e il re ci siamo chiesti cosa vi abbia spinto a venire fin qui – disse Ginevra. – Volete raccontarcelo?
 Le due ragazze si scambiarono un'occhiata.

❧ **FESTA A CORTE** ❧

Arielle fece un impercettibile cenno d'assenso a Belinda, cedendole la parola. Era arrivato il momento della verità.
 – Mio re, mia regina – cominciò Belinda, mentre i servitori iniziavano a portare in tavola le portate. – Arielle e io siamo principesse delle Terre Lontane. Mio padre è Cornelius, il re di Eaglewood. Devo la mia abilità con la spada al mio fratello minore, Thomas, che mi ha trasmesso gli insegnamenti del suo istruttore. Ci vogliamo bene, ma poiché è l'unico figlio maschio, nostro padre ha deciso di lasciare il trono a lui. Da me ha preteso che sposassi il principe di Rosenland, per ottenere

LA TAVERNA DEI PIRATI

- Al palazzo del governatore sono tutti in agitazione. Pare che Van Kos sarà sostituito - riportò **Danielle**, la timoniera del galeone.
- Se lo meriterebbe! Non ho mai conosciuto un uomo avido e crudele come lui! - commentò **MISTRAL**, la cuoca.
- Alcune voci giù al porto dicono che stia arrivando il re con l'intero esercito, per fare piazza pulita dei pirati una volta per tutte - riportò **Jasmine**, il medico di bordo.
- Se così fosse, troverò... - iniziò a dire Becca.
- ... pane per i suoi denti! - concluse Tissa, la sua gemella.
- Ben detto! Queste sono le mie ragazze! - esclamò Lupita, sbattendo il boccale sul tavolo. Uno schizzo di **FIAMMA DI MARE**, la bevanda preferita dei pirati, traboccò e cadde sul legno, bruciacciandolo.

LA TAVERNA DEI PIRATI

- Alcuni marinai sbarcati al porto pochi giorni fa hanno detto che un galeone sconosciuto sta facendo rotta sulle **Isole Perdute**. A bordo ci sono terribili pirati che hanno già razziato le coste più lontane. Hanno fatto **STRAGE** di piante e animali e... A quelle parole Lupita scoppiò a ridere.

LA TAVERNA DEI PIRATI

- Ma dai! Si sa che i pirati vogliono oro, stoffe preziose e gemme! Chi ha mai sentito parlare di pirati che si interessano di **ANIMALI** e **PIANTE**?
- Tesoro, quei marinai ti hanno preso in giro, e tu ci sei cascata con tutte le scarpe - disse Jasmine, ridendo.
Joy si irrigidì e avvampò di vergogna. Non sopportava proprio l'idea di fare la figura della sciocca con le ragazze del **GALEONE VOLANTE!**
- Beh, io invece credo che sia vero, anche se nessuno sembra darci troppo peso. Difendere la natura è molto importante! Se fossi una piratessa come voi, sarei già sulle loro tracce...
- E invece sei ancora una bambina - la interruppe Mistral, sorridendo. - E una **NAVE PIRATA** non è posto per te!

SPECTRALIA

In indifferente silenzio l'antico maniero aveva
ritto le sue parole.
face, Ann, temo che non funzioni così - disse Mina.
piaccia o no, l'unico modo per tornare alla nostra
portare a termine il gioco - aggiunse Sara.
in fondo è solo un labirinto di specchi. Quanto
ere difficile?
e, andiamo, togliamoci il pensiero - si rassegnò
inandosi all'ingresso. - Ma restiamo unite,
le ragazze varcarono la soglia del labirinto,
affatte dalla sensazione di essere state
entro un surreale caleidoscopio.
- esclamò Mina, con un misto di
fascinazione e paura.
- Non è esattamente come alle giostre - sussurrò Sara,
impressionata.
Decine di alti specchi deformanti, incastonati all'interno
di imponenti colonne di marmo, le circondavano da ogni
lato, confondendole con i loro ingannevoli riflessi.
A seconda di dove posavano lo sguardo, le ragazze si
vedevano alte come giganti o piccole
come fuscelle.

Cercando di non lasciarsi fuorviare, Mina e le sue
compagne cominciarono a procedere a tentoni, girando
in tondo e imbattendosi in angoli ciechi che sembravano
precludere ogni via d'uscita.
- Forse se proviamo da questa parte... No, come non
detto! - esclamò Ann, scontrandosi contro la propria
immagine riflessa.

- E come? Noi non siamo né spettri né
fuochi fatui, e scommetto che questa
porta è chiusa...
Così dicendo, Ann avvicinò la mano al
batacchio e spinse... e la pesante porta,
con grande sorpresa di tutte, si aprì con
facilità.
Non appena furono all'interno della nuova
stanza, le ragazze la sentirono richiudersi
pesantemente alle loro spalle, ma erano troppo
meravigliate da ciò che si trovavano di fronte per
prestare attenzione alla cosa.
Cominciarono a ruotare su loro stesse con lo
sguardo rivolto verso l'alto: la sala era la più
ampia e luminosa che avessero finora incontrato.
Le pareti, altissime, erano quasi interamente
occupate da eleganti scaffali di legno scuro che
si ergevano a tutta altezza dal pavimento al
soffitto, ricoperti da centinaia, migliaia di antichi
volumi.
In cima a ciascuno scaffale, erano appese
lanterne antiche, con all'interno piccoli
fuochi fatui guizzanti, simili a quello
che aveva indicato loro la strada.

I fuochi creavano una luce morbida, soffusa,
che rendeva l'ambiente caldo.
- Che meraviglia... - esclamò Mina con
il naso all'insù. - Questa deve essere la
biblioteca del castello.
Era la sala più bella che avesse mai visto.
Mentre si aggirava carezzando il dorso dei
volumi e leggendo a mente i titoli dei libri,
Ann si avvicinò al centro della stanza, lasciandosi
sprofondare in una poltrona di velluto verde con
accanto uno scrittoio.
- Niente male, qui - commentò godendosi il
momento di quiete. - Che peccato che non
possa postare nemmeno una foto...
Sempre più affascinata, Mina
si avvicinò all'elegante scala
a chiocciola che conduceva
al soppalco.
Sali alcuni gradini e scrutò,
piena di meraviglia, alcuni
dei testi dalle preziose
rilegature che
erano raccolti
li dentro...
